Sir,

Sub:- Rural Reconstruction - Development of Village Industries in Special Taluks through Cooperatives - Kumbla Taluk - Storage of Raw-materials in M.B. Shed (Lahore Shed) at Kumbla - Bad Condition of Lahore Shed - Need for Repair - Requested.

Ref:- G.O. 133 Rural Welfare Department dated 10-2-51 Government of Madras

(1)

With reference to the above cited G.O. of the Government of Madras, I would like to bring to your kind notice that the Lahore Shed (M.B. Shed) at Kumbla which is left at the disposal of our federation for the storage of raw-materials, requires to be repaired before it can be made use of for the reasons stated below.

Firstly there are leakages in the roof of Galvanised sheets and during the raining season such kind of raw-materials which require to be

P.T.O.

kept dry may get spoiled if it is drained by the rain falling within the shed through the leakages.

Secondly the floor is loose with patches. The shed is not free from rat pests and white-ants. As such the whole floor will have to be recasted with damp proof concrete and to be made rat-proof also.

I request the Government to consider the matter favourably at the earliest possible time, so that by the time the federation received its first quota of raw-materials like iron, steel, leather etc., the repairs may be effected and the usefullness of the Lahore shed (M.B. Shed) may be made available without causing draw-backs.

The true Copy of the resolution of the Board of Directors of the federation that which is recorded in respect with the Lahore shed (M.B Shed) as above is herewith enclosed for your kind perusal and action.

Yours obediently

B. Sankaralinga Rai
Secretary.

Sir,

INDUSTRIES: Village Industries--scheme for storage and distribution of raw materials through cooperative agencies--[illegible] firka--cottage Industries cooperative Federation--repairs to M.B shed.

***

Ref: Government Memo No.51629 R.W.11/51-3 dated 8.9.52 and subsequent reminders and D.O thereon.

In Rt. file

I invite a reference to this office letter Ref.B7.29537-51 dated 29.12.52 in which I had reported that the matter is pending with the Divisional Engineer (H) South Kanara Mangalore and that a reply would be sent soon after his reply is received. I have received his reply yesterday which shows that the entire file which was sent to him as N.Ref. on 18.11.52 was not received by him. That means the file is either missing or is lost in transit.

The Divisional Engineer (H) who inspected the M.B shed last month, however states that the leakage in the M.B shed is due to two reasons one being the existence of holes in the sheet and the other being want of sufficient overlap when assembling the sheets. He opines that it may cost the Government a good deal for repairing the M.B shed. He has asked the Assistant Engineer, Kasaragod to prepare an estimate in this connection and has promised to submit the same to me on receipt.

I therefore kindly request that copies of references from Government requiring me to take action in this regard may kindly be sent to me for taking further action.

Yours faithfully,

For Collector.
